Special Progress Edition Of Campus Newspaper Due

El Camino College's regular edition of the student newspaper, "The Warhoop," will be fattened with a special edition tomorrow, expected by student leaders to be the most extensive, educational, and instructional news publication in the history of the college.

The 16-page tabloid progress edition heralding the college's 15th anniversary will be included in the standard four-page edition of the weekly campus newspaper tomorrow.

Touching on all phases of college activity, the special insert will also be sent to residents on the college's regular mailing list.

A special staff headed by Sonja Ottenbacher produced the progress report, which is being printed offset. Aiding Miss Ottenbacher with the edition were Renelle Mallory, Richard Fowler, and Bill Emigh.

Persons wishing copies may request them by letter or postal card addressed to W. A. Kamrath, coordinator of public relations, El Camino College, Calif.

WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Making summer vacation plans? A long distance call is your surest guarantee you'll have just the reservations you want when you arrive at your vacation spot. Along the way, you'll want to call ahead to friends or relatives to let them know you'll be in town. Settling details by long distance is part of the fun of going places.

When you get there, a call to the folks back home, to let them know you're "having a wonderful time," is one more way your telephone can help make your vacation a happy one.

Tuesday, June 5th, will be an important day for every citizen interested in good government. I'm sure that means all of us. Because June 5 is the day we select state and congressional office candidates for the general election next fall.

While the primaries are next month, many people are starting to bone up on the candidates now, learning about them, their records, and what they stand for. Seems to me that's a mighty good way to help select those best qualified.

VOTE LINE 5

By the very nature of our business, you often come in contact with telephone people here in town. You talk with people in the business office and our operators, see installers and other telephone men busy all around town.

If it seems like a good many folks work for the phone company, you're right. We've got 110 people on the payroll right here in Torrance.

Naturally the best part of their paychecks is spent here, with local merchants and businesses. In this way, telephone people are helping add a big boost to the economy of Torrance.
